ST NEOTS REGATTA

Saturday 24th July and Sunday 25th July 2010

Thank you for your entry to the St Neots Regatta. We hope you will enjoy the racing at St Neots. The Regatta is planned with your enjoyment in mind.

The Regatta. The Regatta will be run according to the BR's Rules of Racing, which are available at Race Control. They will be applied consistently throughout the Regatta. Please note the following:

- The Regatta Committee reserves the right to alter or amend the order of racing.
- Where entries have been insufficient to make an event financially viable, we have in some cases combined statuses.
- We will try to accommodate all requests regarding rearranging race times, provided both competitors are in agreement. To ease this process on the days of the Regatta, crews are requested to locate their opponents and approach Race Control together at the earliest opportunity.
- Checks will be carried out on coxswains' weights. Where coxswains need to carry additional weight, their provision is the responsibility of the crews. However, we will endeavour to make some weights available (at a reasonable deposit).
- On Sunday, no row-overs against unclaimed status changes will be allowed. We also ask you not to claim a row-over against a scratched opponent.
- BR advise that: BR insurance is only valid for UK residents defined in the standard way as resident in the country for more than 6 months in a year.
- The river is not, and cannot be, closed to general navigation and other river traffic may be encountered using the navigation lane. Competitors must use caution, as other craft may not be familiar with rowing practices and may not heed the requests from regatta officials. We ask that courtesy to all river users and spectators is observed at all times.

Safety. The Competitors' Safety Plan is enclosed; this encompasses both safety and competition information, including a plan of the course. This should be read by all competitors.

Arrival / Overnight Camping. Directions to the Regatta Field are printed overleaf and a plan of the Regatta Field is enclosed. Parking is available on the Regatta Field; competitors are requested to adhere to the signage and any controlling marshals. Specifically, a speed limit of 5mph must be obeyed and the manoeuvring of trailers must only be carried out with a safety person at the rear of the trailer in line of sight with the driver. Overnight camping is available; toilets and mains water are available. Changing facilities and showers are available in the Clubhouse; however, competitors should note that supplies of hot water are limited and the water temperature will be reduced to conserve supplies. Competitors are advised that the Regatta Field is a public area and that, to minimize the risk of damage, boats should be secured to trailers overnight.

Identity and Verification. Competitors must be able to produce their BR Racing Licence when requested, and this may be inspected as proof of identity and eligibility for the event entered. All event winners must bring their Racing Licences (with photograph affixed) to Registration for inspection and, where appropriate, update prior to prizes being awarded.

Prize Giving. On Saturday, presentation of prizes will be made as soon as possible after racing finishes; only in exceptional circumstances will prizes be available prior to then. On Sunday, winners may collect their prizes from Race Control immediately following their final.

Social. The Refreshment Marquee and Beer Tent is open all of both days; breakfasts will be available on Sunday morning. The Clubhouse bar will be open on Friday evening.

New for 2010. On Saturday evening after racing the Refreshments Marquee will be holding a Regatta Party and Disco with the Bar open until 11pm. Entrance is free on production of your BR Membership Card, or as a guest of a BR Member.
